### This \$900 Car Measures Up With Any \$1250 Car on the Market

Whether he buys a piano, suit of clothes, or an automobile, he continually kiel-3 for the greatest value he can get for any given amount of money. It a 30-horsepower, five passenger touring car of standard make can be bought for \$990, why on earth should he pay \$1250 or more for the same type of car?

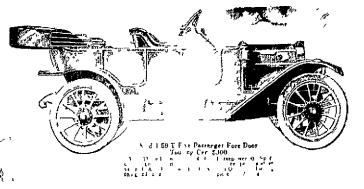

A. Our Model 59 is a 30-horsepower, five-passenger fore-their touring car. The price is \$900 lt is a big, room, thorough a high grade car. The intotar will develop more power and speed than you will ever care to use. It has a handsome birdy design—graceful and good to look at. The pressed steel limit to a much and solid. The selective transmission is fitted with I. A.S. bearings—the fine that it world. It a world it is just as good and fine as this type of car can be made. The it Profiled equal to the attention \$1250, and a comparison of the specifications with any other 50 hot epocy clear will prove this statement.

II. This ear at this place is due to the enormous in infactining facilities of the Overland Company, which is the glestest plant of its 1 due the vorld. They have just published a very thorough book which explains in a clear, define and readable manner the difference in automobile plants. And the portion of the whole beek is to prove the economical manufacturing ability of the Overland present or prove its neighble lowing and explaining to you the interior and exterior of the muest automobile plant in the vorld. It takes you over the entire 80 acres. The book is free and we want you to have one. It is interesting and full of information.

**4.** Above all it gives you a clear understanding of economics in the production of automobiles in great quantities, and we helieve it proves why no other manufacturer in the husiness can produce the ear described below and sell it at it is price without losing money.

**Q.** A telephone call to us will bring you this new Overland book. It explains what they are and what they have got and why other cars of similar size and rating are from twenty to forty cervent higher in price. Get one of these books at once.

Cut this out and pasts in your scrap but

SLICE off some of our fine sugar cuted ham or bacon, quite thin. After taking off the find put the slices into a hot frying pan, turning them over till they are crisp but taking care not to burn them. About three minmes will do, but it is necessary that the slices be cooked till they are absolutely crisp. This method brings out the delicate flavor of our bacon and ham, and, if served with eggs fried in the gravy, makes a dish fit for
